

Facility Information Worksheet

Airport: Baldwin Municipal Airport

FAA ID: 7D3

The Facility Information Worksheet is a data collection tool for the 2017 Michigan Aviation System Plan (MASP) update. Information on this worksheet will be used to verify the existing facilities and services at system airports in order to analyze current system performance, and to guide future development. We need your help! **Please take a moment to verify the pre-populated information contained in this worksheet is correct and fill in any missing information.** If information is incorrect, please cross it out and make the appropriate changes. After completing the entire worksheet, **sign the statement at the end and return the worksheet before the deadline.** To return the worksheet, please use one of the following methods:
