

2017 MICHIGAN AVIATION SYSTEM PLAN

The update to the Michigan Aviation System Plan (MASP 2017) is nearly complete and airports and community members from across the state are invited to access statewide public meetings to see the draft results of the study. Several locations are being offered; feel free to attend the location that works best for you. The same presentation will be provided in each location and information on the system plan goals, forecasts of activity, system performance and economic impact of aviation within the state will be discussed.

Please RSVP by **May 15th** to stephanie.ward@meadhunt.com with the location you plan to attend so we can ensure adequate seating at each venue. Call Stephanie at 517-908-3121 if you have any questions prior to the meeting.

● **WEDNESDAY, MAY 17TH** 10:00AM – 11:30AM

Gaylord Regional Airport (GLR)
Airport Terminal Building
